

Welcome to your New Airport for San Jose and Silicon Valley!

The magnificent improvements at Mineta San Jose International Airport have created a world-class airport that truly reflects the innovative spirit of Silicon Valley.

This proud new gateway for our region is now the most technologically advanced airport in the nation that provides outstanding convenience, comfort, and efficiency for travelers and airlines alike.

The comprehensive \$1.3 billion modernization program has been completed ahead of schedule and under budget to deliver a breathtaking new Terminal B, the thorough transformation of Terminal A, all new shops and restaurants, and the most convenient airport rental car center in the nation.

With easy access to Downtown San Jose, Silicon Valley corporate headquarters, and a market area of more than three million people, SJC is the 21st Century airport for our entire community.
